

South Shore Science Festival IV

STEAM Sponsors

The South Shore Science Festival has grown since the first time it took place in 2015. From an initial registration of about 350 that year, it's grown close to 1,000 this year.

This festival is a member of the Cambridge Science Festival, which is headquartered at M.I.T. (link to the festival in our website <http://www.southshorescience.org>). Last year it was held on Saturday, April 22.

Organized by a few members of the Quincy Center for Innovation, it has offered a wide range of opportunities for children to encounter science, technology, engineering, (arts) and math in a fun setting. You know it as STEM, or STEAM.

South Shore Science Festival IV

STEAM Sponsors

The participation of companies, subject matter experts, and distinguished students in Quincy and the South Shore have made this event a success.

So far it has been financially sponsored by Gateway to Science: Sports and Games and Positive Business Consulting Services; to continue to grow we need your help!

There are good benefits to your company by sponsoring the festival, laid out in the next pages

South Shore Science Festival IV

STEAM Sponsors

The most important benefits from your contribution are, first, helping the children of Quincy and the South Shore to increase their awareness of STEAM and, second, inspiring them to continue along these lines once they leave the festival.

Your encouragement could help redirect a child's mindset and open their eyes – this child's future could be quite different from what they'd imagined. And that is a priceless gift!

There are various ways to sponsor.
